

# CURRICULUM VITAE

## PERSONAL INFORMASJON

Fullt navn **Adam Mariusz PARUCH**  
Kjønn Male  
Nasjonalitet Norsk  
Vitenskapelige graden PhD / Doktor ingeniør  
Nåværende stilling Seniorforsker 1183 med professorkompetanse  
Arbeidssted Avdeling for hydrologi og vannmiljø, Divisjon for miljø og naturressurser, NIBIO - Norsk institutt for bioøkonomi, Pb 115, NO-1431 Ås

## KONTAKTINFORMASJON

Adresse NIBIO, Oluf Thesens vei 43, 1433 Ås, Norge  
Mobiltelefon +47 924 58 374  
E-post [adam.paruch@nibio.no](mailto:adam.paruch@nibio.no)  
Hjemmeside <https://nibio.no/ansatte/adam-paruch>  
Nettsider <https://app.cristin.no/persons/show.jsf?id=385873>  
<http://orcid.org/0000-0003-4392-7239>  
[https://www.researchgate.net/profile/Adam\\_Paruch](https://www.researchgate.net/profile/Adam_Paruch)

## NØKKELKVALIFIKASJONER

- Miljø/utvikling/naturvern/teknikk
- Vannkvalitet (overflatevann, dreneringsvann, grunnvann, og avrenningsvann)
- Mikrobiologi i avløpsvann (hvitvann, gråvann, svartvann, bruntvann og gultvann), rensefilter og kompost
- Fekal vannforurensning (antropogenisk og animalsk opprinnelse) og fekale indikatorbakterier
- Mikrobiell kildesporing av fekal vannforurensning (*E. coli*, *Bacteroidales* DNA markører, RT-qPCR)
- Mikrobiologi / molekylærbiologi / DNA tester / vertsspesifikke genetiske markører
- Analyser av patogene organismer (gram-negative/-positive bakterier, virus og parasittiske protozoer)
- Naturbaserte rensemетодer (vann, avløp og avfall)
- Kretsløpsteknologi for avfall og avløp
- Kvalitet av vann og jord etter avløpsvanning
- Kompostering av organisk avfall og fekalier fra tørrtoaletter

## FAGLIG KOMPETANSE OG ERFARINGER

- Prosjektleder med erfaring innenfor idéutvikling, planlegging, implementering, gjennomføring og rapportering av FoU-prosjekter
- Prosjektleder av norske partnere i EØS-prosjekter
- Forskning og oppdragsprosjekter innen kretsløpsteknologi og naturbaserte rensesystemer
- Ansvarlig for laboratorieforsøk og mikrobiologiske analyser av fekale indikatorbakterier i vann, avløpsvann, avrenning og avfall
- Ansvarlig for gjennomføring av grunnundersøkelser i forbindelse med gjenbruk av materialer fra minirenseanleggene (biologiske filtre, våtmarksfiltre og filterbeds), med hovedfokus på hygieniske aspekter
- Fagansvarlig for konsept- og prosjektutvikling, planleggings- og koordineringsaktiviteter, partnersøk, nettverksbygging og søknadsskriving

<b>UTDANNELSE</b>	
Dato (fra – til)	1996 - 2000 PhD / Dr. Ing., doktorgrad innen miljøutvikling. Landbruksuniversitetet i Wroclaw, Polen 1995 - 1996 MSc, magistergrad innen miljøvern. Landbruksuniversitetet i Wroclaw, Polen 1991 - 1995 BSc / Ing., ingeniørgrad innen miljøteknikk. Landbruksuniversitetet i Wroclaw, Polen
<b>TIDLIGERE STILLINGER</b>	
Dato (fra – til)	2015 - Seniorforsker 1183 med professorkompetanse, NIBIO, Ås, Norge 2010 - 2015 Seniorforsker 1183 med professorkompetanse, Bioforsk, Ås, Norge 2006 - 2010 Forsker, Bioforsk Jord og miljø, Ås, Norge 2005 - 2006 Forsker, Jordforsk – Senter for jordfaglig miljøforskning, Ås, Norge 2003 - 2005 Gjesteforsker, NLH (Norges Landbruksuniversitetet) og UMB (Universitetet for miljø- og biovitenskap), Ås, Norge 2002 - 2003 PostDoc, NLH, Ås, Norge 2001 - 2006 Professorassistent, Landbruksuniversitetet i Wroclaw, Polen 1996 - 2000 Doktorgradsstudent, Landbruksuniversitetet i Wroclaw, Polen 1996 - 1996 Lektorassistent, Landbruksuniversitetet i Wroclaw, Polen
<b>PERSONLIGE FERDIGHETER OG KOMPETANSE</b>	
Språk	- Polsk, engelsk og norsk. Noe slovakisk, tsjekkisk og russisk
IT	- Programer: MS Office, Corel, Statistica - Operativsystem (OS): Windows
Undervisning og kunnskapsformidling	- Faglige kurs for master og bachelor studenter ved Landbruksuniversitetet i Wroclaw (Polen) og Universitetet for miljø- og biovitenskap i Ås (Norge) - Veileder for bachelor og master studenter - Ekstern sensor for BSc- og MSc-oppgaver - Foredragsholder nasjonalt og internasjonalt
Redaksjonskomité	- Journal of Ecological Engineering - Annals of the Academy of Romanian Scientists - Series on Chemistry
<b>TILLEGGSSINFORMASJON</b>	
Medlemskap	- The International Commission on Water Quality (ICWQ) - The Norwegian Society of Graduate Technical and Scientific Professionals (Tekna) - The Norwegian Water Association
Diplomer og priser	- Sapere auso - Distinction from the Rector of Wroclaw University of Environmental and Life Sciences - Three Diplomas of the Rector of Agricultural University of Wroclaw and Wroclaw University of Environmental and Life Sciences for series of scientific publications - Prize of the Rector of Agricultural University of Wroclaw for the Doctoral Thesis - Prize of the Dean of the Faculty of Environmental Engineering and Geodesy, Agricultural University of Wroclaw, for The Best MSc
<b>VITENSKAPELIGE PUBLIKASJONER</b>	<ul style="list-style-type: none"> <li>- 56 fagfellevurderte publikasjoner</li> <li>- 2 bøker</li> <li>- 1 monografier</li> </ul>

## LISTE OVER FAGFELLEVURDERTE ARTIKLER:

1. Paruch L., Paruch A.M., Eiken H.G., Skogen M., Sørheim R. 2020. Seasonal dynamics of lotic bacterial communities assessed by 16S rRNA gene amplicon deep sequencing. *Scientific Reports*, 10, 16399. <https://doi.org/10.1038/s41598-020-73293-9>
2. Gavrila A-M., Zaharia A., Paruch L., Perrin F.X., Sarbu A., Olaru A.G., Paruch A.M., Iordache T-V. 2020. Molecularly imprinted films and quaternary ammonium-functionalized microparticles working in tandem against pathogenic bacteria in wastewaters. *Journal of Hazardous Materials*, 399, 123026. <https://doi.org/10.1016/j.jhazmat.2020.123026>

#### **FOREDRAG, FORELESNINGER OG PRESENTASJONER:**

1. Norwegian Water Workshop (Norsk Vann Fagtreff). Gardermoen, Oslo, 24-25 October 2017. Oral presentation: "Kildesporing av fekal vannforurensning med molekylærbiologisk metode".
2. National Conference of the Norwegian Society of Graduate Technical and Scientific Professionals (Tekna) "Water Supply Days 2017 (Vannforsyningsdagene 2017)". Larvik (Norway), 30-31 May 2017. Oral presentation: "Sporing av forurensninger i drikkevannskilder. Vannkildene for Oslo, Trondheim, Bergen og Oppegård (Tracking of contamination in drinking water sources. Water sources for Oslo, Trondheim, Bergen and Oppegård)".
3. IWA International Conference "Wetlands Systems for Water Pollution Control". Gdansk, Poland, 4-9 September 2016. Oral presentation: "Norwegian study on microbial source tracking for water quality control and pollution removal in constructed wetland treating catchment run-off".
4. National Conference "Avløpskonferansen 2016 - Små avløp, store utfordringer", Aas (Norway), 24-25 May 2016. Oral presentation: "Kildesporing – hva er årsak til fekal forurensning?"
5. National Conference of the Norwegian Society of Graduate Technical and Scientific Professionals (Tekna) "How to ensure good water quality to the consumer? Treats and solutions (Hvordan sikre god vannkvalitet helt frem til forbruker? Trusler og løsninger)". Trondheim (Norway), 7-8 January 2016. Oral presentation: "Kildesporing av fekal vannforurensning. Resultater fra Bergen og Trondheim (Source tracking of faecal water pollution. Results from Bergen and Trondheim)".
6. National Workshop of Norwegian Water Association (Norsk vannforening) "Sources of water pollution (Forurensningskilder og fordeling)". Oslo (Norway), 12 October 2015. Oral presentation: "Mikrobiell kildesporing av fekal vannforurensning sammen med deteksjon av legemidler og personlig pleieprodukter (Microbial source tracking of faecal water pollution and detection of pharmaceuticals and personal care products)".
7. International Workshop "Nutrients Cycling and Retention in Natural and Constructed Wetlands". Trebon (the Czech Republic), 26-29 March 2015. Oral presentation: "A quarter century performance of constructed wetlands in Norway – options for nutrients removal and recycling".
8. National Conference "Avløpskonferansen 2014 - Små avløp, store utfordringer", Aas (Norway), 13-14 May 2014. Oral presentation: "Hygieneparametere og sporing".
9. National Conference "Avløpskonferansen 2012 - Små avløp, store utfordringer", Aas (Norway), 25-26 April 2012. Oral presentation: "Hva er gjort av forsøk/undersøkelser på hygienesiden i fht. de ulike parametere? Hva planlegges videre?"
10. IWA Regional Conference "Wastewater Purification & Reuse 2012". Heraklion, Crete (Greece), 28-30 March 2012. Oral presentation: "Faecal contamination with *Escherichia coli* in yellowwater intended for agricultural utilization".
11. Seminar "Water and Pathogens". Veterinary Institute in Oslo (Norway), 19 March 2012. Oral presentation: "The effect of heavy rainfall on runoff of bacteria and parasites from pastures".
12. Seminar "Nordic Biochar Seminar". Norwegian Agricultural Authority in Oslo (Norway), 9-10 November 2011. Poster presentation: "Using biochar to recycle nutrients from human urine back to agriculture".
13. Closing conference of the project "Innovative solutions for wastewater management in rural areas". Gutow Maly (Poland), 28 April 2011. Oral presentation: "Norwegian technologies for decentralised wastewater treatment systems".
14. International Seminar "New Challenges for constructed wetland systems". Gdansk University of Technology (Poland), 30-31 August 2010. Oral presentation: "Survival of *Escherichia coli* in Filtralite-P media from constructed wetland treating domestic wastewater in Norway".
15. International Conference "ORBIT 2010 - Organic resources in the carbon economy". Heraklion, Crete (Greece), 29 June – 03 July 2010. Oral presentation: "The impact of wastewater irrigation on the chemical quality of groundwater".
16. Opening Conference of the project "Agricultural utilization of tertiary treated wastewater as an alternative water resource". Heraklion, Crete (Greece), 15 December 2009. Oral presentation: "Norwegian experiences on wastewater reuse".
17. International Conference "The Ecology of Pathogenic *Escherichia coli*". Oslo (Norway), 5-6 March 2009. Poster presentation: "Survival of *Escherichia coli* in filter media of constructed wetlands treating domestic wastewater in Norway".
18. Opening Conference of the project "Innovative solutions for wastewater management in rural areas". Gdynia (Poland), 24 October 2008. Oral presentation: "Wastewater treatment in rural areas of Norway".

19. National Conference "Mobility of doctoral students and young researchers within the European Higher Education Area". Warsaw (Poland), 15 October 2008. Oral presentation: "*Internship - challenges and chances for young researchers in Norway*".
20. Capacity Building and Workshop Week in Environmental Monitoring of Agricultural Dominated Catchments – "Monitoring and assessment of nutrient losses from agricultural dominated catchments". Aas (Norway), 28 August – 01 September 2006. Oral presentation: "*Point source pollution in catchment runoff*".
21. International Seminar on Development of Solid Waste Management System - "International Network Building in Waste Management in Barents Region". Archangelsk (Russia), 01 Jun 2006. Oral presentation: "*Wastewater from landfills in the Arctic – occurrence, monitoring and treatment, Norwegian perspective*".
22. IWA Specialized International Conference "Nutrient Management in Wastewater Treatment Processes and Recycle Streams". Krakow (Poland), 19-21 September 2005. Oral presentation of paper: "*A high performance compact wastewater treatment system using lightweight aggregate*".
23. Research Seminar at the Department of Chemistry and Biotechnology, Agricultural University of Norway (NLH) in Aas (Norway), 23 May 2003. Poster presentation: "*Advanced technology with a simple operating system for composting various organic materials*".
24. International Scientific Conference ENVIRO 2001 "Environmental protection in aspect of sustainable development of rural areas". Agricultural University of Krakow. Nitre – Krakow (Poland), 15-16 November 2001. Oral presentation of paper: "*Chemical composition of drainage runoffs out of objects situated in south-west Poland*".
25. Scientific Conference "Disposal and recycling of liquid and solid wastes in the environment with particular attention on protection of water in rural areas". Agricultural University of Wroclaw, Wroclaw – Kudowa Zdroj (Poland), 19-21 September 2001. Oral presentation of paper: "*Chemical composition of ground waters on the objects irrigated with industrial wastewater*".
26. Scientific Conference "Environmental management of sewage and sludge e". Agricultural University of Szczecin, Szczecin – Lukecin (Poland), 31 August – 02 September 1999. Oral presentation of paper: "*Heavy metals in soils of fields irrigated with wastes of yeast industry*".
27. Scientific Conference "Protection of Tucholski Coniferous Forests – Diagnosing of the environmental level, research methods, forecasts". Agricultural University of Bydgoszcz, Bydgoszcz – Tleń (Poland), 27-28 November 1997. Oral presentation of paper: "*Methodology of examinations of water conditions in the riverside forests of the Odra river polder Olawa-Lipki*".

## **PROSJEKTREFERANSER:**

### **- INTERNASJONALE PROSJEKTER:**

1. 2020-2023. "*BIOSHELL – Recycling crustaceans shell wastes for developing biodegradable wastewater cleaning composites*". ERA-NET BlueBio Cofund, EU's Horizon 2020 research and innovation programme under grant agreement no. 817992 (Project consortium from Romania, Portugal and Norway (A.M. Paruch – key scientist/WP leader)).
2. 2017-2020. "*Bactericidal hybrid surfaces against Gram-negative and Gram-positive pathogenic bacteria: Smart Tools for Wastewater Purification*". Project under the M-Era.Net (an EU funded network) with consortium from Romania and Norway (A.M. Paruch – leader of the project in Norway).
3. 2014-2017. "*AQUARIUS: Assessing water quality improvement options concerning nutrient and pharmaceutical contaminants in rural watersheds*". Project funded under the EEA/Norwegian Financial Mechanism (Project in the Czech Republic, A.M. Paruch – leader of the Norwegian group).
4. 2014-2016. "*Greening the agro-tourism business in Romania*". Project funded under the EEA/Norway Grants through Innovation Norway (Project in Romania, A.M. Paruch – responsible for implementing Norwegian nature-based treatment technology in rural Romania).
5. 2013-2014. "*ClimaAdapt*". Project supported by the Ministry of Foreign Affairs, Norway, through the Royal Norwegian Embassy, New Delhi (Project in India, A.M. Paruch – responsible for assessing the feasibility of establishing a pilot plant/system for treating polluted water in Tamil Nadu).
6. 2009-2012. "*Agricultural utilization of tertiary treated wastewater as an alternative water resource*". Project funded under the EEA Financial Mechanism (Project in Greece, A.M. Paruch – responsible for research tasks in Norway).
